

Changing Smiles. Changing Lives.

KIMBERLY EEK

Award Winning Dentist to Join Practice.

One of the most established dental practices in Kelowna, Dr. Robert C. Wageman and team, is pleased to announce it's recruitment of Dr. Kimberly Eek to it's family of dental experts.

Dr. Eek recently received an award for "excellence in patient care" upon graduation from Loma Linda University School of Dentistry.

"Dr. Kim is a perfect fit for us", explains Dr. Bob. "Our goal is to make a positive difference in someone's life everyday. It is part of our philosophy. We offer some of the most advanced dentistry available but in the end, the real difference always comes down to how we treat people. That is why Dr. Eek will be such an asset in our office".

Dr. Kim's gentle touch and patient manner combined with her commitment to the highest quality of care will help Dr. Bob. This will allow him to focus on more technically advanced work while still offering a full spectrum of life changing dentistry. Appointments can be made with Dr. Eek by phoning 250-765-7751.
